

Start Here

Source type: DubboEwaste repository document

Repository path: START-HERE.md

Source commit: c2103b6090c8

Pack generated: 6 October 2026

Start here

This page is the quickest way into the DubboEwaste repository.

I want to know the current status

Read:

1. docs/CURRENT-STATE.md (docs/CURRENT-STATE.md)
2. docs/PHASE-0-LAUNCH-GATES.md (docs/PHASE-0-LAUNCH-GATES.md)
3. codexToDo.md (codexToDo.md)

These are the best places to understand what is ready, what is designed only, and what still needs an external answer or a real-world pilot.

I want to use or develop the operations app

Go to EwasteApp/README.md (EwasteApp/README.md).

Production app: <https://dubbo-ewaste-app.vercel.app/>

Important folders:

- EwasteApp/app/ — routes and server actions
- EwasteApp/components/ — reusable UI
- EwasteApp/lib/ — shared app/database helpers
- EwasteApp/supabase/migrations/ — database history
- EwasteApp/supabase/migrations/README.md — migration order and caveats

I want the business / operating plan

Start with:

- docs/PHASE-0-OPERATING-BLUEPRINT.md (docs/PHASE-0-OPERATING-BLUEPRINT.md)
- docs/INTAKE-POLICY.md (docs/INTAKE-POLICY.md)
- docs/FRONT-DOOR-TRIAGE-CARD.md (docs/FRONT-DOOR-TRIAGE-CARD.md)
- docs/BENCH-SOP-AND-LAYOUT.md (docs/BENCH-SOP-AND-LAYOUT.md)
- docs/DUBBOEWASTE-GRADING-STANDARD.md (docs/DUBBOEWASTE-GRADING-STANDARD.md)
- docs/RESEARCH-05-DATA-IDENTITY-PRIVACY-SOP.md (docs/RESEARCH-05-DATA-IDENTITY-PRIVACY-SOP.md)

- docs/RESEARCH-06-BATTERY-ELECTRICAL-WORKSHOP-SAFETY.md
(docs/RESEARCH-06-BATTERY-ELECTRICAL-WORKSHOP-SAFETY.md)

I want legal / planning / compliance

Use:

- docs/LEGAL-LICENSING.md (docs/LEGAL-LICENSING.md)
- docs/COMPLIANCE-REGISTER.md (docs/COMPLIANCE-REGISTER.md)
- docs/CALL-SCRIPTS.md (docs/CALL-SCRIPTS.md)
- docs/EXTERNAL-CONFIRMATION-PACK.md (docs/EXTERNAL-CONFIRMATION-PACK.md)
- docs/RESEARCH-16-CLOSURE-EVIDENCE-REGISTER.md (docs/RESEARCH-16-CLOSURE-EVIDENCE-REGISTER.md)

Do not treat older legal research as a substitute for the current-state/launch-gate documents.

I want Australian e-waste / ITAD market research

Start with:

- docs/AUSTRALIAN-EWASTE-ITAD-MAJOR-PLAYERS.md (docs/AUSTRALIAN-EWASTE-ITAD-MAJOR-PLAYERS.md)
- docs/RESEARCH-03-COMPETITOR-OPERATING-MECHANICS.md
(docs/RESEARCH-03-COMPETITOR-OPERATING-MECHANICS.md)
- docs/EXISTING-AUSTRALIAN-EWASTE-ORGS-DUBBO-EXPANSION.md
(docs/EXISTING-AUSTRALIAN-EWASTE-ORGS-DUBBO-EXPANSION.md)
- docs/DUBBO-ITAD-BRANCH-ENTRY-PLAYBOOK.md (docs/DUBBO-ITAD-BRANCH-ENTRY-PLAYBOOK.md)

I want Dubbo / Central West downstream research

Use:

- docs/WHAT-HAPPENS-TO-EWASTE.md (docs/WHAT-HAPPENS-TO-EWASTE.md)
- docs/AMR-DUBBO-DOWNSTREAM-FORENSIC.md (docs/AMR-DUBBO-DOWNSTREAM-FORENSIC.md)
- docs/REGIONAL-EWASTE-PATHWAYS.md (docs/REGIONAL-EWASTE-PATHWAYS.md)
- docs/SIRCEL-ITAD-REUSE-MODEL.md (docs/SIRCEL-ITAD-REUSE-MODEL.md)
- docs/TECHCOLLECT-REUSE-DEEP-DIVE.md (docs/TECHCOLLECT-REUSE-DEEP-DIVE.md)

I want reuse / donation / digital inclusion research

Use:

- docs/GOOD360-COMPNOW-NATIONAL-DEVICE-BANK-DUBBO.md
(docs/GOOD360-COMPNOW-NATIONAL-DEVICE-BANK-DUBBO.md)
- docs/REUSE-MODELS-PONYUP-RECONNECT-LAPTOP-INITIATIVE.md
(docs/REUSE-MODELS-PONYUP-RECONNECT-LAPTOP-INITIATIVE.md)
- docs/DUBBO-WELLINGTON-NARROMINE-TRANGIE-REUSE-PROGRAMS.md
(docs/DUBBO-WELLINGTON-NARROMINE-TRANGIE-REUSE-PROGRAMS.md)

I want templates / forms

Go straight to templates/ (templates/).

Useful starting points:

- templates/asset-transfer-and-chain-of-custody.md (templates/asset-transfer-and-chain-of-custody.md)
- templates/data-sanitisation-certificate.md (templates/data-sanitisation-certificate.md)
- templates/partner-validation-record.md (templates/partner-validation-record.md)
- templates/sale-and-recall-record.md (templates/sale-and-recall-record.md)

I want structured data / pilot files

Use data/ (data/) and pilot-tracker.csv (pilot-tracker.csv).

I want the full research catalogue

Open docs/README.md (docs/README.md) and then docs/RESEARCH-INDEX.md (docs/RESEARCH-INDEX.md).

I found an old GAPS / BACKLOG / agent document

That material is intentionally retained for provenance. Do not assume it is current.

Historical/provenance material includes:

- GAPS.md (GAPS.md)
- chatgptTODO.md (chatgptTODO.md)
- docs/agyGAPS.md (docs/agyGAPS.md)
- docs/claudeGAPS.md (docs/claudeGAPS.md)
- docs/codexGAPS.md (docs/codexGAPS.md)
- agyDOCS/ (agyDOCS/)
- claudeDOCS/ (claudeDOCS/)
- docs/claudegaps-research/ (docs/claudegaps-research/)
- older BACKLOG-* files

See docs/archive/README.md (docs/archive/README.md) for the archive policy.
