

DCCEEW - Product Stewardship in Australia

Source type: External primary-source research brief

Category: Product stewardship

Primary source: <https://www.dcceew.gov.au/environment/protection/waste/product-stewardship>

Source checked: 6 October 2026

Source summary

The Australian Government frames product stewardship as shared responsibility among importers, designers, producers, sellers, users and disposers to reduce environmental and health impacts across a product's life. Schemes may be voluntary, mandatory or co-regulatory.

Why this matters for Dubbo eWaste

Provides the policy language for explaining why Dubbo ITAD should connect reuse, responsible recycling, data protection and downstream accountability.

Source handling note

This PDF is an original research brief prepared for the NotebookLM pack. It summarises the linked source and does not reproduce the source publication in full. Re-check the linked primary source before relying on time-sensitive legal, regulatory, pricing or operational details.
