

Dubbo Regional Council - Waste Facilities and E-waste

Source type: External primary-source research brief

Category: Dubbo local infrastructure

Primary source: <https://www.dubbo.nsw.gov.au/Households-Residents/Rubbish-Recycling-and-Sustainability/council-waste-facilities>

Source checked: 6 October 2026

Source summary

Dubbo Regional Council lists Whylandra Waste and Recycling Centre and Wellington Waste Transfer Station as local waste facilities and identifies e-waste and old TVs among accepted Community Recycling Centre streams. It also lists smaller drop-off stations for batteries, mobile phones/electronic accessories, smoke detectors and ink cartridges.

Why this matters for Dubbo eWaste

Primary local source for understanding Dubbo's existing public disposal network and where a reuse-first pilot would need to complement, not confuse, council recycling services.

Source handling note

This PDF is an original research brief prepared for the NotebookLM pack. It summarises the linked source and does not reproduce the source publication in full. Re-check the linked primary source before relying on time-sensitive legal, regulatory, pricing or operational details.
