

# WorkVentures - Laptop Refurbishment Process

Source type: External primary-source research brief

Category: Social enterprise ITAD / refurbishment

Primary source: <https://workventures.com.au/refurbishment/>

Source checked: 6 October 2026

## Source summary

WorkVentures describes an end-to-end refurbishment flow covering customer coordination, secure collection, data destruction, compliance evidence, assessment, recycling of non-viable equipment, reuse of suitable devices and sustainability reporting. Its model links corporate device retirement directly to digital inclusion.

## Why this matters for Dubbo eWaste

A mature Australian benchmark for how a reuse-first ITAD workflow can combine data assurance, triage, refurbishment, downstream recycling and social outcomes.

## Source handling note

This PDF is an original research brief prepared for the NotebookLM pack. It summarises the linked source and does not reproduce the source publication in full. Re-check the linked primary source before relying on time-sensitive legal, regulatory, pricing or operational details.
